**gravity wikipedia** Oct 31 2022  
in physics gravity from latin  
gravitas weight is a  
fundamental interaction which  
causes mutual attraction  
between all things with mass or  
energy gravity is by far the  
weakest of the four  
fundamental interactions  
approximately 10<sup>38</sup> times  
weaker than the strong  
interaction 10<sup>36</sup> times weaker  
than the electromagnetic force  
and 10<sup>29</sup> times weaker than  
the weak interaction

Aug 29 2022 michael faraday  
frs ' f æ r ə d ɛ r d i 22  
september 1791 25 august  
1867 was an english scientist  
who contributed to the study of  
electromagnetism and  
electrochemistry his main  
discoveries include the  
principles underlying  
electromagnetic induction  
diamagnetism and electrolysis  
although faraday received little  
formal education he was one of  
the most
